

JOEY

Joey joined us on April 15th. Joey's mom, Michelle Hansen knew she had a very special little horse, she knew he had a gift that she wanted him to share, and so she lent Joey to us. Michelle had gotten Joey from an auction and he was at home on her beautiful Arabian farm. Michelle reported that Joey loves the big horses but his curiosity would get the best of him and he often took a wander to visit the neighbors. Joey came to join us in perfect health and with a warm heart.

Joey is sure a funny guy. When Joey arrived he was timid to meet the other horses, he looked at them as if there was something wrong with them..."Why were they so short?" He is such a love bug that when we are out in the field cleaning up manure he comes and nuzzles you, always sure to distract us. Joey has a huge heart and loves kids, we think it is because the kids say he looks like Black Beauty or the mini from Racing Stripes...we figure he thinks he should be famous - he surely got this from hanging around an Arabian Show Horse Barn!

Joey returned to his 'home' with the Hansen's to keep his big horse buddies company. Joey is happy to be back with his big friends and is loving life.

Thank You to Michelle Hansen for letting Joey stay with us, we love him, and are happy he is home again.
